

Improvement of Traffic and Border Crossing Possibilities in Värska-Pechory Monastery Road - SAFE ROAD

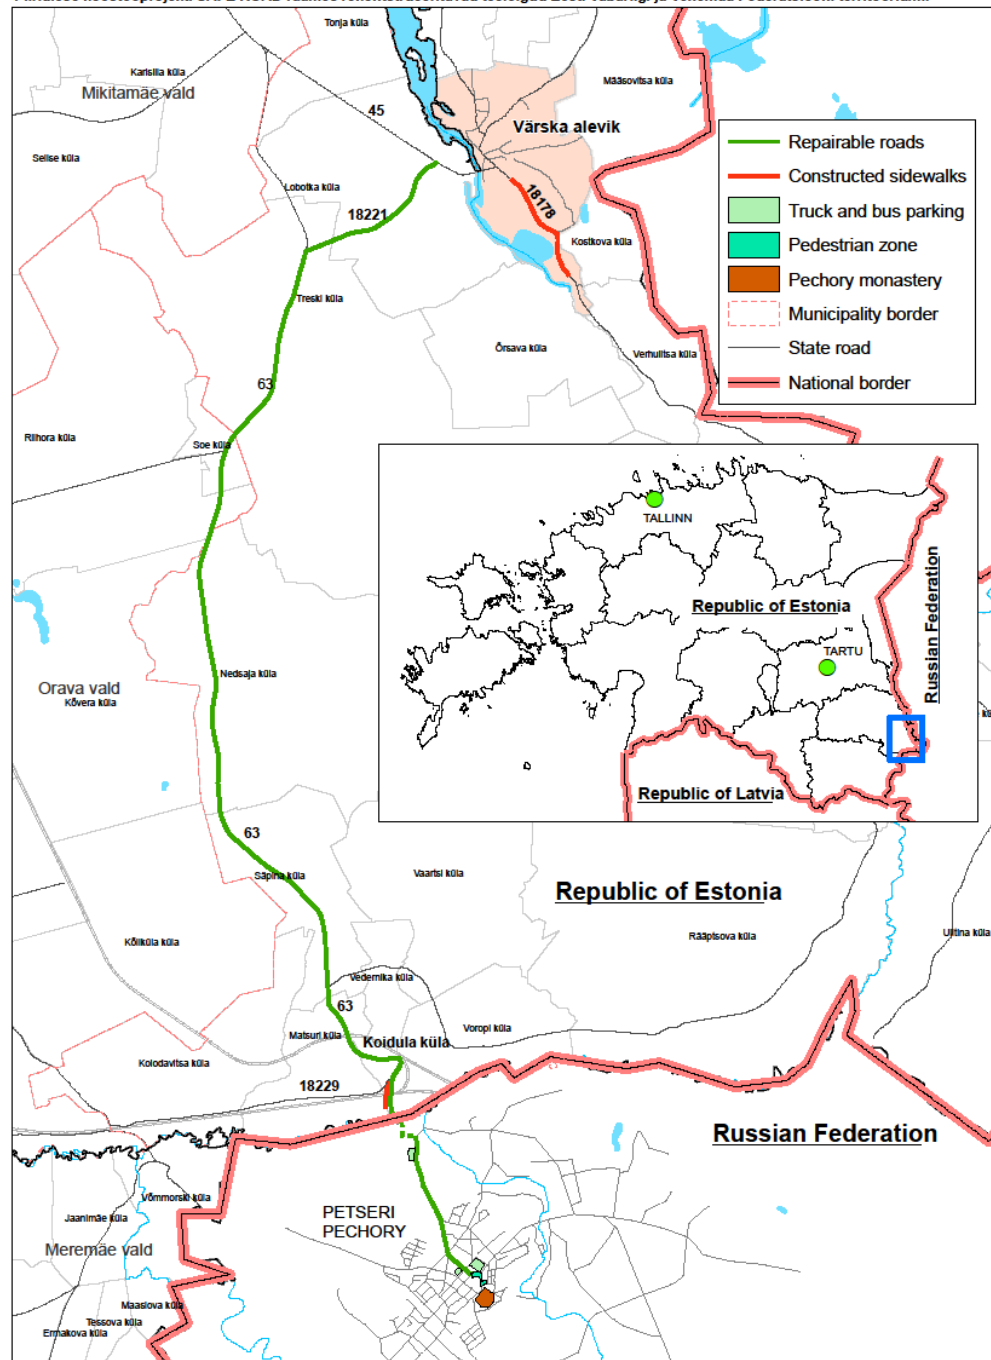

KUNO MÄNNIK

Regional Director

Estonian Road Administration

June 4, 2014 Gatchina

Reconstructed road sections within territory of Estonian Republic and Russian Federation under SAFE ROAD cooperation project
 Piiriülese koostööprojekti SAFE ROAD raames rekonstrueeritavad teelõigud Eesti Vabariigi ja Venemaa Föderatsiooni territooriumil

Title of the project:

Improvement of traffic and border crossing possibilities in
Värskä-Pechory monastery road- SAFE ROAD

Lead Partner	Maanteeamet	Estonian Road Administration
Project Partners	<ul style="list-style-type: none">-Администрация Печорского Района- Муниципальное Учреждение Культуры «Печорский Районный Центр Культуры»	<ul style="list-style-type: none">-Administration of Pechory district-Municipal Culture Institution “Pechory Culture Centre”

Keyword 1: *Cross border cooperation*

Arrangement of joint seminars and trainings in Russia and in Estonia, exchange of know-how and best practice:

- 2 joint seminars on traffic safety
- A joint seminar on road construction technologies
- A technical visit to an asphalt *hot remix* construction site

Keyword 2: ***Traffic Safety*** for Nonmotorists

Renovated section of Yuryevskaya Street with separated footway and cycleway close to Gunichina Gora frontier point in Pechory district. Financed by Pskov Region Administration.

Keyword 2: ***Traffic Safety** for Nonmotorists*

Separated safe cycle- and footway with lightning in Värska village

Keyword 3: *Safety Facilities for Travellers*

New bus-stop with lay-bys and lightning in order to increase safety in Treski village

Keyword 3: ***Safety Facilities for Travellers***

New parking area for the tourist buses in Pechory (under construction)

Keyword 4: ***Mobility** Between Neighbouring Nations*

Renovated road from Värška to Koidula/Gunichina Gora frontier point with installed camera for road and traffic observations

Keyword 5: *Facilities for **Border Crossing***

New parking lot in Koidula
for car-travellers who cross
the border on foot

Benefits

- **Improved traffic safety** in Värška-Pechory monastery road for trucks, buses, cars, bicycles and pedestrians, especially in Yuryevskaja Street in Pechory and in Värška village;
- **Better border crossing possibilities** and parking facilities in Koidula/ Kunichina Gora frontier point which contributes to trade between Russian Federation and European Union;
- **Exchange of know-how and experiences between road sector specialists** in the fields of road safety, road maintenance and repairs, new pavement technologies
- **Creation of new cross-border networks** between national, regional and local organizations for future co-operation.

Thank you for the attention!

See you on the SAFE ROAD!
