# Capitalisation

## Children – related projects in one exhibition and Newsletter is 2<sup>nd</sup> successful exercise of capitalisation in the Programme

**SPORT** - Projects within the Programme support not only provide necessary sports equipment and rebuild or create new infrastructure sports objects. They create and develop networks of contacts between young sportsmen, organize sports events, train and introduce new sports games.

**Culture** - Projects take efforts to raise children's awareness about the importance of cultural and historical heritage, develop the artistic potential of youth.

**Social care** - Projects support children with special needs and children at social risk in adaptation and rehabilitation, as well social, provide wider range of opportunities in communication and socialization, provide equal opportunity for the most vulnerable groups of children.

**Special infrastructure for children** - Projects renovate kindergartens and schools, and more than that, even projects working in other spheres, like tourism, care to organize facilities for the recreation of children and families with children - playgrounds.

**Education** - Projects assist in raising standards of vocational education and unifying study programs of higher and special education, provide business-training for youth, new skills in eco-efficiency, nature education and traffic safety.

**DIRECTIONS OF CHILDREN SUPPORT**

**Project "CCF".** Renovated football ground in Pechory, girls football teams of Tarbu (Estonia) and Pechory (Russia).
