Why a CBC programme?

The strategic goal of the programme is to support joint efforts for addressing cross-border development challenges and promote sustainable use of existing potential of the area across border between Latvia and Russia

**CBC PROJECTS
ADDED VALUE?**

Common challenges to be jointly tackled

- The common problems identified can be solved more efficiently jointly, instead of individual regions or countries acting alone

Solutions to be jointly identified

- Solutions are jointly developed going beyond the results independently achievable in the involved regions/areas

Real and balanced partnership

- All partners have to actively participate in the project according to their functions and competences
- The project Lead Partner may be from any of the participating countries

Joint implementation

- The cross border working approach should be reflected in the project outputs

Identify potential project ideas for cross-border cooperation

- Identify cross-border challenges and opportunities
- Identify project idea(s) that address cross-border challenges and cooperation
- Identify target groups/final beneficiaries
- Check that project idea(s) match programme priorities and contribute to a programme result
- Identify potential relevant partners within programme eligible area

**Define YOUR project idea
and find partners**

- Define main project objectives and expected results
- Estimate total project budget and check budget limitations for the Call
- Draft a 1 page project summary
- Contact potential partners with your project idea summary

Build a **JOINT** idea with your partners

- Agree on joint project objectives, expected results and main outputs with your partners
- Identify clear cross-border cooperation added value
- Identify people within each partner organisation to work on the proposal
- Allocate responsibilities and deadlines for project preparation to each partner
- Consult the joint idea with stakeholders, check possible synergies and complementarities
