

Development of the centres for culture and creative industries in Rāpina, Vilaka and Pechory

PROMOTING HERITAGE

Priority 2 Common challenges

Measure 2.2 Preservation and promotion of cultural and historical heritage and support of local traditional skills

Short summary of the project

The inhabitants of the border regions of Estonia, Latvia and Russia have an urgent need for the physical conditions (buildings) which will serve as the Centres for preservation of historical heritage, preservation and rehabilitation of cultural traditions and skills and for application of the skills into business development in cross-border regions of Russia, Estonia and Latvia, maintenance of know-how and local traditional skills. There is also need to develop a creative entrepreneurship culture in society and to promote understanding about the nature, structure and potential of creative industries.

To preserve the cultural heritage and traditions of the region, which are often kept by elderly people, activities aimed at promoting those values and sharing them with wider audiences, also cooperation among people working in the field of culture on each side of the border will be promoted thus contributing to better understanding of neighbouring nations.

Overall objective

To utilise potential of the border region of Rāpina, Pechory and Vilaka for its cultural, economic and social development. To that end, the partners from three countries will be working together to preserve jointly the objects of cultural heritage, to contribute to the preservation and promotion of the local traditions and skills, to improve the quality of life in the border regions and to build the sustainable partnership network based on shared values and tolerance in multicultural environment.
