RESULTS

Cooperation network between Latvian and Russian music and theatre collectives established bridging about 200 amateur artists

About 300 local musicians and actors of amateur theatres from 18 collectives acquired new skills and increased knowledge through different classes and events (all together 790 hours) led by professionals

Quality of culture life in Limbaži, Salacgriva (Latvia) and Volhov (Russia) local municipalities considerably improved through **increased competence** of local amateur theatres, music groups and purchased inventory

Project region promoted through active and diverse culture undertakings and therefore encouraged the development of local businesses

Purchased equipment and musical instruments have **improved the capability of music groups** of all partners

New ideas for further cross-border cooperation elaborated in sphere of culture (music, theatre art), partner municipalities
